Please be informed that this is only an Estimate not a Quote on the repairs listed. This estimate is subject to a price change, and "Open Items" are not priced out. Open areas are for diagnosing and disassembly of parts for repair. Open areas will not be repaired without customer authorization, with another estimate if needed. Price change will not exceed 20% of total price of this estimate. Jerome Peterbilt uses only "genuine" engine parts, and will offer/extend the standard warranties only from manufacturers, dealers or factory suppliers. This estimate must have a customers authorization before repairs will begin.
